

My name is Harinder Sawhney and I have served as a Director for the last several years. During this time, I have been an active member in a variety of committees and task forces from time to time including

- I have twice been chairperson of the membership committee/task force
- Government Relations Committee and have represented at the CREA and OREA PAC Days
- Education committee/taskforce
- By Law Committee/Taskforce
- MLS Committee/ Task force
- Discipline committee
- YPN Committee

During my tenure as Director, we've seen a lot of positive growth at the board. We have seen membership climb from the 600 mark to well over 1600 and growing. This has ranked BREB as one of the fastest growing board not only in Ontario but also whole of Canada (according to CREA stats). We continue to see positive change at the board including value added educational services as well as some key stone government lobbying efforts coming to fruition; such as electronic signature act, increasing RRSP limits, homebuyers tax credit, municipal land transfer tax rebate and HERD rebate all helping consumers especially the first time home buyers, giving them better opportunity to enter the market place. More such efforts are continuing.

All this is the result of a lot of hard work and dedication. I see this as a great opportunity for my continued involvement and support of the foundation of what we have built here at BREB. My work is not yet done, I am looking forward to your continued support.
